

Personnel Costs and Salary Rates

The following table shows the FWF standard personnel costs and salaries for 2024 (in €). Please note that these standard personnel costs and salaries apply only to applications for FWF projects. Actual personnel costs incurred may differ due to collective bargaining agreements or operational agreements made by the respective research institutions and can be billed accordingly within the limits of the approved funding amount. The FWF's standard personnel cost rates are automatically increased by 6.85% p.a. from the second project year onwards in order to cover expected cost increases. This PROFI increase rate replaces the annual valorization of existing wages and salaries for individuals employed in the context of FWF-funded projects.

Personnel cost rates and salaries (in €) for applications for FWF projects (valid from February 2024):

Category	Hours	Per year	Per month
Senior postdoc	40	92,150.00	5,211.80
Postdoc	40	84,030.00	4,752.30
Doctoral candidate	30	47,520.00	2,684.10
BMA	40	56,420.00	3,188.90
CTA	40	47,400.00	2,677.80
MTS	40	52,540.00	2,969.10
TS	40	43,550.00	2,460.10
Student employee	20	23,060.00	1,299.60
Marginal employment		9,130.00	518.44

The personnel cost rates per year include the employer's contribution (gross salary).

Explanations

- **Senior postdoc:** Personnel cost rate for grant-salaried principal investigators who finance their own salary from the project budget (including principal investigators in the career development programs ESPRIT, Erwin Schrödinger [return phase], Elise Richter, and Elise Richter PEEK).
- **Postdoc:** Generally for project staff with a doctorate and graduates with a medical degree awarded under the provisions of the curricula N, O, or Q 201; N, Q 094; N, O 790; or N 090.
- **Doctoral candidate:** The personnel costs that can be requested for doctoral candidates are limited to a maximum of 30 hours/week. This rate also applies to

graduates of medical studies under the provisions of the curricula N, O, or Q 202 as well as N, O, or Q 203. The basis for calculating personnel costs for fewer working hours is €63,360.00 per year (100%).

- **BMA:** Biomedical analyst
- **CTA:** Chemical-technical assistant, technical assistant
- **MTS:** Medical-technical specialist
- **TS:** Technical specialist, mechanic, lab technician, programmer
- **Marginal employment:** Statutory accident insurance only
