6	Data protection and publication of application data and results.....	7

1 General information on the accelerated decision-making procedure

This document has been prepared in German and English for your convenience. In the event of a dispute, the German version shall prevail.

Applications for funding of scientific/scholarly Book Publications publishing the results of FWF-funded projects may be eligible for an accelerated decision-making procedure. To be eligible, the intended publication must be based on a project that has already successfully undergone FWF'S quality control procedure. In addition, the publisher must submit two positive, relevant reviews to the FWF that meet the FWF's decision-making requirements (see [section 3](#), [section 3.4](#) and [General principles of the decision-making procedure](#)).

Applications for an accelerated decision may only be submitted if

- 1) The intended publication is the result of a project funded by the FWF
- 2) The publisher has subjected the full text of the manuscript to an international peer review process

Please note that the application requirements specified in section 1 of the [Application Guidelines for Book Publications](#) apply.

2 Application

2.1 Section of the application

A complete application must include the following sections:

2.1.1 Academic abstract

The academic abstract must be written in German or English, may not exceed 3,000 characters (including spaces, no formulas or special characters), must use the headings provided below and be entered into the elane form provided for this purpose.

- Wider research context / theoretical framework
- Hypotheses / research questions / objectives
- Approach / Methods
- Level of originality / innovation
- Primary researchers involved

Where alternatives are indicated between slashes, please select the alternative that applies to your application.

2.1.2 Manuscript

Please upload the manuscript in digital form with the components specified in section 2.1 of the [Application Guidelines for Book Publications](#).

2.1.3 Additional documents

- Required:
 - [Declaration of commitment](#) from the publisher
 - two non-anonymised reviews on the entire publication commissioned by the publisher. In order to protect the reviewers' anonymity, publishers can send these reviews by email, stating the name of the applicant, directly to wissVeroeff@fwf.ac.at.
- Where applicable:
 - Cover letter accompanying the application (optional)
 - cost calculation for the entire publication if applying for the *Modul_Zusatzkosten*, etc.

Any additional documents (e.g., recommendations on potential reviewers, letters of recommendation) will not be considered in further stages of the application process.

2.1.4 Forms to be completed

- Required: *Application form*, *Contact form*, *Cost breakdown form*, *Academic abstract form*, *Co-authors form*

2.2 Application content and format

2.2.1 Language of application

The application can be submitted in German or English.

2.2.2 Formatting

The formatting guidelines under section 2.2.2 of the [Application Guidelines for Book Publications](#) apply.

2.3 Eligible costs

Costs are applied for as specified in section 2.3 of the [Application Guidelines for Book Publications](#).

2.4 Submission, file formats, and file names

Applications are submitted online at <https://elane.fwf.ac.at> (see also section 2.5 of the [Application Guidelines for Book Publications](#)).

2.4.1 Mandatory components of the application

a) Files

- *Certification.pdf* (= Declaration of commitment from the publisher)
- *Manuscript.pdf* (= manuscript in a well-structured and legible form)
- *Review_1_NN.pdf*; *Review_2_NN.pdf* (= reviews commissioned by the publisher). In order to protect the reviewers' anonymity, these reviews can also be sent by email, stating the name of the applicant, to wissVeroeff@fwf.ac.at.

b) Forms

- *Application form*
- *Contact form*
- *Cost breakdown*
- *Academic abstract*
- *Co-authors*

2.4.2 File uploads, if applicable

- *Cover_letter.pdf* (= accompanying letter)
- *Costs.pdf* (= cost calculation for the entire Book Publication if applying for the *Modul_Zusatzkosten*)

3 Processing and decision-making

3.1 Submission and requests for changes

Please see section 3 of the [Application Guidelines for Book Publications](#) for instructions on submitting your application.

3.2 Excluding reviewers

The process for excluding reviewers is not relevant for this program.

3.3 Number of reviews required

The publisher is required to submit two reviews that meet the FWF's requirements. Please note that the publisher may only consult reviewers who meet the requirements of the [General Principles of the Decision-Making Procedure](#). Reviews by series editors and members of the editorial board cannot be used. The FWF will also confirm whether the reviews are positive.

3.4 Decision-making process

Upon receipt, the FWF checks all applications for completeness and any formal errors.

Particular emphasis is placed on eligibility to apply, the validity of the reviews, and compliance with the rules on conflicts of interest with reviewers.

The **informative value of the reviews** is based on their in-depth evaluation of the full text of the following criteria:

- Adequate presentation of the current state of research
- Degree of innovation
- Fulfilment of current scientific standards
- Appropriate choice of publication form

The decision is made based on the submitted documents. The applicant will be informed of the FWF's decision in writing.

Applications that do not meet the FWF's requirements cannot be rejected, only returned without review. For this reason, the points mentioned in section 3 of the application guidelines – reasons for rejection, Review of resubmissions, proposal bans – do not apply to applications for an accelerated decision.

4 After approval

The FWF issues a grant agreement.

The applicant and the publisher must then sign the grant agreement digitally using [sproof.io](#). If these signatories not have their own digital signature (e.g. ID Austria), they can use services like [Evrotrust](#) (Apple, Android) to create a digital signature. An official photo ID (identity card or passport) is required.

In addition, summaries in German and English must be sent to the FWF for public relations purposes.¹

In the case of book publications, payment is made directly to the publisher after submission of an identical digital copy for open-access archiving (PDF/A format) and the metadata form, or, if the proofreading and editing, foreign language editing, and/or translation is not being handled by the publisher, to the editor(s) and translator(s) (see section 4.1 and section 4.2 of the [Application Guidelines for Book Publications](#)).

5 Compliance with legal requirements and standards of research integrity

The regulations specified in section 5 of the [Application Guidelines for Book Publications](#) apply.

6 Data protection and publication of application data and results

The regulations specified in section 6 of the [Application Guidelines for Book Publications](#) apply.
