

Funding* of Open Science Infrastructures 2022

Infrastructure	Information	Amount
arXiv	Repository of electronic preprints of scientific papers in the fields of Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics.	€2,674.31
cOAlition S	cOAlition S is an initiative to make full and immediate Open Access to research publications a reality.	€50,000.00
Directory for Open Access Journals (DOAJ)	DOAJ is a database that contains over 15 000 peer-reviewed open access journals covering all areas of science, technology, medicine, social sciences, arts and humanities.	€2,356.40
Europe Pub Med Central	Repository for the deposition of articles from the Biomedical Sciences. FWF funded authors from the relevant fields automatically get a Europe PMC account generated and must deposit their publications therein.	€36,519.89
OAPEN	Online library and publication platform for Open Access books.	€17,400.00
OA Switchboard	Tool to support open access workflows.	€2,430.00
Open Library of Humanities (OLH)	Open Access publication platform in the field of the Humanities.	€1,792.72

ORCID	Provides a persistent digital identifier that distinguishes researchers from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between researchers and their professional activities ensuring that the work is recognized.	€4,543.85
SciPost	Open Access publication platform in the field of Physics.	€8,100.00
Scoop3	Partnership of over three thousand libraries, funding agencies and research centers, which aims to convert key journals in the field of High-Energy Physics to Open Access at no cost for authors.	€29,739.60

*Costs incl. tax where applicable

Funding* of Open Science Infrastructures 2021

Infrastructure	Information	Amount
arXiv	Repository of electronic preprints of scientific papers in the fields of Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics.	€2,747.14
cOAlition S	cOAlition S is the group of funders that developed Plan S.	€50,000.00
Directory for Open Access Journals (DOAJ)	DOAJ is a database that contains over 15 000 peer-reviewed open access journals covering all areas of science, technology, medicine, social sciences, arts and humanities.	€2,356.40
Europe Pub Med Central	Repository for the deposition of articles from the Biomedical Sciences. FWF funded authors from the relevant fields automatically get	€40,878.82

	a Europe PMC account generated and must deposit their publications therein.	
OAPEN	Online library and publication platform for Open Access books.	€14,500.00
OA Switchboard	Tool to support open access workflows.	€2,400.00
Open Library of Humanities (OLH)	Open Access publication platform in the field of the Humanities.	€18,000.00
ORCID	Provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.	€4,150.32
SciPost	Open Access publication platform in the field of Physics.	€6,750.00
Scoop3	Partnership of over three thousand libraries, funding agencies and research centers, which aims to convert key journals in the field of High-Energy Physics to Open Access at no cost for authors.	€29,739.60

*Costs incl. tax where applicable

Funding* of Open Science Infrastructures 2020

Infrastructure	Information	Amount
arXiv	Repository of electronic preprints of scientific papers in the fields of Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics.	€2,691.18
cOAlition S	cOAlition S is the group of funders that developed Plan S.	€50,000.00
Directory for Open Access Journals (DOAJ)	DOAJ is a database that contains over 15 000 peer-reviewed open access journals covering all areas of science, technology, medicine, social sciences, arts and humanities.	€6,000.00
Europe Pub Med Central	Repository for the deposition of articles from the Biomedical Sciences. FWF funded authors from the relevant fields automatically get a Europe PMC account generated and must deposit their publications therein.	€40,788.04
OAPEN	Online library and publication platform for Open Access books.	€17,400.00
Open Library of Humanities (OLH)	Open Access publication platform in the field of the Humanities.	€18,000.00

ORCID	Provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.	€4,521.40
SciPost	Open Access publication platform in the field of Physics.	€6,750.00
Scoop3	Partnership of over three thousand libraries, funding agencies and research centers, which aims to convert key journals in the field of High-Energy Physics to Open Access at no cost for authors.	€29,739.60

*Costs incl. tax where applicable

Funding* of Open Science Infrastructures 2019

Infrastructure	Information	Amount
arXiv	Repository of electronic preprints of scientific papers in the fields of Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics.	€2,666.67

Directory for Open Access Journals (DOAJ)	Is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals.	€6,000.00
Europe Pub Med Central	Repository for the deposition of articles coming from the Biomedical Sciences. FWF funded authors from the relevant fields automatically get a Europe PMC account generated and must deposit their publications therein.	€40,788.00
OAPEN	Online library and publication platform for Open Access books.	€38,400.00
Open Library of Humanities (OLH)	Is an Open Access publication platform in the field of the Humanities.	€18,000.00
ORCID	Provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.	€4,386.00
SciPost	SciPost is an Open Access publication platform in the field of physics.	€6,750.00

Scoop3	Partnership of over three thousand libraries, funding agencies and research centers, which aims to convert key journals in the field of High-Energy Physics to Open Access at no cost for authors.	€30,987.11
------------------------	--	------------

*Costs incl. tax where applicable

** Change in the payment interval. Payments for the periods 2018 - 2019 and 2019 - 2020

Funding* of Open Science Infrastructures 2018

Infrastructure	Information	Amount
arXiv	Repository of electronic preprints of scientific papers in the fields of Physics, Mathematics, Computer Science, Quantitative Biology, Quantitative Finance and Statistics.	€2,443.99
Directory for Open Access Journals (DOAJ)	Is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals.	€6,000.00
Europe Pub Med Central	Repository for the deposition of articles coming from the Biomedical Sciences. FWF funded authors from the relevant fields automatically get a Europe PMC account generated and must deposit their publications therein.	€40,788.04
OAPEN	Online library and publication platform for Open Access books.	€18,000.00
Open Library of Humanities (OLH)	Is an Open Access publication platform in the field of the Humanities.	€18,000.00

ORCID	Provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.	€8,457.06
SciPost	SciPost is an Open Access publication platform in the field of physics.	€6,750.00
Scoop3	Partnership of over three thousand libraries, funding agencies and research centers, which aims to convert key journals in the field of High-Energy Physics to Open Access at no cost for authors.	€29,342.87

*Costs incl. tax where applicable

Funding* of Open Science Infrastructures 2017
