¹ For programmes with small numbers of applications, approval rates may show high levels of fluctuation between the five decision-making meetings held each year. Due to the decision-making procedures for matching funds with the Austrian provincial governments and in international programmes the overall values for the year may deviate from the cumulative values for the individual board meetings. The figure includes decisions regarding applications, either rejections or approvals. The figure does not include a) withdrawal of submissions, b) submissions cancelled by the FWF Board, c) submissions that need to be reevaluated, and d) additional individual applications decided upon at the board meeting.

² Approval rate calculated on the basis of unrounded figures.

³ Preliminary decisions made by the FWF Board subject to approval of funding by international partner organisations. Approvals are not communicated to applicants until those organisations have issued their approval.
