¹ For programmes with small numbers of applications, approval rates may show high levels of fluctuation between the five decision-making meetings held each year. Due to the decision-making procedures for matching funds with the Austrian provincial governments and in international programmes the overall values for the year may deviate from the cumulative values for the individual board meetings.

² Approval rate calculated on the basis of unrounded figures.

³ Preliminary decisions made by the FWF Board subject to approval of funding by international partner organisations. Approvals are not communicated to applicants until those organisations have issued their approval.
